SUBJECT: ARGENTINA ACCEPTS OBLIGATIONS UNDER UNSCR 1874

REF: State 65483

(SBU) PolOff met June 30 with the Argentine Foreign Ministry's Sub-Director for International Security, Nuclear and Space Affairs (DIGAN), Alberto Dojas, to deliver reftel demarche. Dojas said that the MFA's legal department was considering all aspects of the obligations created under UNSCR 1874 and how they should be put into practice by different entities of the GOA. Dojas emphasized that the fact that the obligations emerged from a UNSC Resolution gave them immediate legal legitimacy from the Argentine perspective and Argentina would fulfill its obligations if the situation were to arise.
